Let Nickeloid help you...

- ▶ optimize the look
- ▶ lose the headaches

▶ Laminol®

Nickeloid is one of the most advanced producers of laminated metal. We apply, under heat and pressure, a vinyl film to a steel or aluminum substrate resulting in several high performance products.

SPECIFICATIONS

▶ Laminol® Sanitary White

Steel Gauges	.015" to .0598"
Aluminum Gauges	.016" to .090"
Width	1/4" to 60"

▶ The way you need it

Options include Cold Rolled Steel, Hot Dipped Galvanized, and Aluminum.

Nickeloid can provide your material the way you need it. Full coils, coils slit to specific widths, or cut sheets.
